

# First Aid Heroes 4 day Camp (Ages 11 to 16 years)

From: \$325.00

Calling all aspiring heroes aged 11 to 16! Are you ready to take your *first aid skills to the next level*? Join us at First Aid Heroes for an empowering 4 days of **advanced training and certification**. In this immersive camp experience, participants will delve deeper into the world of first aid, covering the same topics as our younger adventurers but with a focus on advanced techniques and concepts. From mastering CPR to understanding the intricacies of wound care, our campers will develop a comprehensive understanding of first aid principles.

But that's not all – at First Aid Heroes, we're committed to empowering our campers with practical skills that can make a real difference in emergency situations. That's why, at the end of the week, participants will have the opportunity to earn their standard **First Aid and CPR Level C certification**, recognized nationally.

Throughout the week, campers will engage in *hands-on learning, realistic scenarios*, and interactive activities designed to reinforce their knowledge and skills. Whether it's administering first aid to a simulated victim or practicing emergency response drills, our campers will graduate as confident, competent first aid heroes ready to make a difference in their communities.

Join us for an unforgettable week of learning, growth, and empowerment at First Aid Heroes – where every camper has the potential to become a true hero!
